A FORWARD MOVEMENT

SIGNS THAT THE JAPANESE ARE ADVANCING

Tie Pass, Mukden and Vicinity Believed to Be Scene of Next Conflict—No News From Port Arthur.

Indications point to the imminence of a forward movement of the Japanese armies against the Russians at Tie Pass, Shimonin and Mukden. Kuropatkin is fortifying Fakman, northeast of Mukden, in order that he may be prepared for the contingency of the evacuation of Shimonin. Reports of a naval engagement at the southeast extremity of Sakhalin are not verified; on the contrary, it is believed that the Vladivostok squadron remains in the harbor. There is no news from Port Arthur.

RUSSIAN REPORT.
St. Petersburg, Sept. 27.—General Sakharoff telegraphs under yesterday's date as follows:

"The enemy's vanguard consisting of one battalion and two squadrons of cavalry has assumed the offensive probably for reconnaissance, in the district between Mandarin road and the heights of the village of Tou Mitsa. His advance was stopped by our troops. The enemy retreated along the whole line, pursued by our cavalry. The enemy has not yet advanced north of Davan, on the left bank of the Liao river, but an increased force has been observed in the neighborhood of Shanchan. Japanese cavalry have appeared in the valley of the Liao river."

St. Petersburg, Sept. 28, 2:35 a. m.—The war commission adjourned early last evening without issuing further news from the front. A Mukden telegram to the Berlin front reporting Japanese had crossed the Hun river fifty miles above the city is believed to refer to scouting parties of Japanese whose presence there was recorded by the Associated Press dispatches Sept. 28. The movement of Japanese forces on the Liao river was reported in a dispatch from General Sakharoff to the general staff Sept. 28 as all this morning's significant since Shanchan is the starting point of roads leading to Tie Pass, Mukden and Shimonin.

The announcement that Russians are fortifying Fakman, twenty-five miles northeast of Mukden, shows Kuropatkin is preparing to check a flanking movement of the Pass from the west in case Shimonin should be evacuated.

The entire absence of news from Port Arthur, it is feared indicates closer blockade there. Hitherto dispatches from General Stoessel have been coming several weekly. The admiral has not received any details of reported sea fighting off Aniva, at the southwestern extremity of Sakhalin. The Vladivostok squadron, it is understood, is still in the harbor. Cannonading at Aniva was probably a Japanese attack on blockade runners.

WAR REPORTS.
London, Sept. 27.—A telegram to the News Agency from St. Petersburg says a dispatch from Harbin states that the Japanese lost 1300 men killed during a night attack on Port Arthur Sept. 18. Russian warships rendered valuable assistance in repulsing the Japanese.

In defending one fort Russians rolled heavy beam cakes down upon the mass of Japanese.

General Mistezenko reports that penetrated to the Yental mines and found only small detachments of Japanese there.

Jacksonville, Fla., Sept. 27.—United States special agents to day arrested J. D. Anderson, representing realty companies of Minneapolis and Des Moines. The arrest was made on an order of the postoffice department, which claims that the two companies are "wild cat" schemes and that thousands have been swindled in all parts of the United States. This scheme calls for a subscription of \$2 per month with promise that at the end of two years the subscriber shall receive a loan of \$1,000. N. N. Crouch, secretary of the Des Moines company, has just arrived here and is being looked for.

Des Moines, Sept. 27.—William Smith and Charles Jennings to day confessed to the theft of \$10,000 worth of diamonds from O. Cohen last June and were sentenced to fourteen years each in penitentiary. The diamonds were taken from Cohen's safe, which the robbers dynamited.

Lewandowski cut his wife's throat Feb. 21, 1904. Mental incapacity was urged in extenuation of the crime, but evidence failed to bear it out.

HELD RESPONSIBLE

Engineer, Conductor and Brake man Indicted for the Eastern Illinois Railroad Wreck

Chicago, Sept. 27.—The responsibility for the wreck of the Sunday school excursion train on the Chicago & Eastern Illinois railway at Glenwood, Ill., July 18, when eighteen persons were killed and more than a hundred others injured, was fixed by the grand jury, when it voted to indict Frank E. Hoxie, engineer; Frank Casper, conductor; and Charles H. Wright, brakeman of the freight train which caused the accident. Frederick White, train dispatcher, and Patrick Costello, fireman of the freight train, were exonerated by the grand jury, although they had been held responsible by the coroner's jury. "During the time of my presidency there has been no measure in which I have taken keener interest than that which started the policy of national aid to the cause of irrigation. I have felt the use of the rivers and smaller streams of the states of the great plains and the Rocky mountains for irrigation was even more important to the future of the country than the improvement of the course of these same rivers lower down as to aid navigation, and when I became president one of the first things to which I turned my attention was the effort to secure the passage of a law which inaugurated this system. I congratulate the people upon the fact this work has been begun. It will be of incalculable benefit to the people of the whole country, for in this country whatever benefits part of it benefits all."

NO DECISION

Handed Down in the LaFollette Case—Judge Detained at Home by Illness

Madison, Wis., Sept. 27.—No decision was handed down by the supreme court to day in the LaFollette case, as was expected.

The court room was jammed to the utmost capacity by attorneys and politicians anxious to hear the decision and its postponement was a keen disappointment. Rightly or wrongly, it is generally believed the opinion is in the hands of Chief Justice Caspary and he was detained at his home by illness. His condition was reported as very much improved this morning. If he is able to appear on the bench tomorrow there is strong hope a decision may be reached.

While the statement has not been made by any person connected with the state supreme court, indications are no decision will be handed down in the case to morrow. It would not cause much surprise among those most interested if the decision was not made this week and the impression is growing that the judges have not as yet even decided the case or written the opinion. Judge Caspary will not be able to sit on the bench to morrow. His health was improved this morning, but the improvement did not keep up throughout the day. He was able to take a short drive this afternoon, but is in no condition to attend to business.

Helen, Mont., Sept. 27.—The United States grand jury has returned indictments against former Mayor Edwards and former Chief of Police Travis and Sam Goodman, alleging third degree assault upon the person of George Freeman, receiver in the land office. Illinois has six councils and Michigan five.

A GRAVE OFFENSE

Obscene Letter Sent the President, Miss Gould and Others

Des Moines, Sept. 27.—Charged with writing and sending an obscene letter to President Roosevelt, Miss Roosevelt, and Helen Gould, a man giving the name of Edward Dalheimer has been arrested by United States authorities and lodged in jail at Ft. Dodge. The letter alleged to have been written by Dalheimer to the president threatens his life unless certain reforms are made. To Miss Gould he proposes marriage. The letter to Miss Roosevelt was not made public. It is alleged the prisoner also wrote J. J. Hill asking him to intercede at Washington to have the gold standard changed to diamonds as the medium of exchange. Dalheimer was arrested at Emmettburg, Iowa, where he was brought before the commissioners of insanity and pronounced to be in his right mind. It is claimed he wrote the letters in South Dakota and he will probably be taken to Sioux Falls for trial.

FOR PEACE.

Rome, Sept. 27.—Interest is felt here in the report that Premier Giolitti is to meet Count Von Buelow, German chancellor, at Hamburg. One of the many reasons that might prompt such a meeting is the possible discussion of mediation in the interest of peace in the far east. According to the Giornale D'Italia the Italian government, in conjunction with Great Britain, would be willing to approach Russia with a proposition looking toward peace, but wishes to have assurance that in pursuing such a course she would have the support of her associates in the triple alliance. The support of France, according to the paper mentioned, was asked in the course of a recent interview between Luzzatti, Italian minister of the treasury, and Bouvier, French minister of finance.

London, Sept. 27.—The Mail's correspondent at Geneva states that Premier Giolitti's projected visit to Chancellor von Buelow is connected with the cause of peace in the far east and that he intends visiting all the European countries.

Hundreds of Violators of Naturalization Laws Indicted and Many More Surrender Papers to Escape Prosecution.

New York, Sept. 27.—Charged with violation of naturalization laws, 260 alleged offenders were arraigned in the criminal branch of the United States circuit court. The federal grand jury also handed down 115 additional indictments in naturalization fraud cases. Only 150 of the accused were able to plead during the day's session and sentence was suspended in all but five cases. Plea of guilty was entered by M. O. Wier, of Brooklyn, whose citizenship papers were obtained irregularly. A similar plea was also entered in behalf of A. G. Pratt, a civil engineer, who appeared as Wier's witness in securing the latter's papers. Wier was fined \$500 and Pratt \$300.

Assistant United States District Attorney Marx said to day 1,400 certificates of citizenship irregularly secured were surrendered by their holders during the past thirty days. That the possessors of fraudulent papers might not suffer federal officials allowed, thirty days in which they might be surrendered.

A DENIAL

Alleged Denunciation of Labor Unions by the President Declared an Absurd Forgery.

Butte, Mont., Sept. 27.—When Senator Fairbanks and his party arrived here they found the Republican leaders much exercised over the publication in Denver, by the Western Federation of Miners, of what purported to be a denunciation of labor union by President Roosevelt and denial of authenticity by the president's contradiction was sent to former Senator Lee Mantle in response to a telegram of inquiry from him and was as follows:

"The letter you refer to, purporting to be addressed by me to Michael Donnelly and printed in the Miners' Magazine, Sept. 22, is, of course, an absurd and impudent forgery. I have written no such letter, nor any letter resembling it, to Donnelly nor any one else. I have written Donnelly requesting to know if he has received any such letter and requesting him, if so, to at once lay it before the district attorney off Chicago to find out whether it is possible to discover and punish the forgers."

The letter, in which the president was represented to have made his attack on union labor, was addressed to Michael Donnelly, Chicago, president of the Butchers and Meat Cutters' union. The document is given in full, with the president's name attached, but without date and it is stated it was written in response to an appeal by Donnelly to him to interfere for settlement of the late butchers' strike. The following are extracts from it:

"I stand ready to do as my illustrious predecessor, Grover Cleveland, did and assert the power of the nation against all local nullifiers. Last summer I felt impelled to write a letter calling upon my countrymen to put down lynching. But labor union terrorism and crime are as great a national menace as lynch law. Let me tell you that the first duty of the officers of the law, whether they be sheriff, constable, municipal officers, mayors, governors, or the president himself, is to maintain public order and to put down mobs with an iron hand."

Advising Donnelly to put a stop to the strike, the president is represented as saying: "In an case be assured I will keep my hands off unless your folly brings you in collision with the laws of the United States, when my hands will go in a way you will not like. So far as I am concerned you have barked up the wrong tree. I am not to be either wheeled or frightened into meddling with what is none of my business."

Chicago, Sept. 27.—Michael Donnelly is not in Chicago to night. He is supposed to be on a train somewhere between St. Louis and Chicago. S. H. Bethea, United States district attorney, stated to night he had heard nothing of the letter alleged to have been forged.

President Roosevelt received to day in the east room of the white house about seventy-five members of the international congress of arts and sciences, headed by the president of the congress, Prof. Simon Newcomb, and Prof. Hugo Munsterberg. New York, Sept. 27.—The Herald to morrow will print the following: "With the intention of ruining the hull of the battleship Connecticut, which will be launched at the New York navy yards Thursday, some person or persons, placed an obstruction on the ways. When it was placed there there or by whom is not known, for it was not discovered until divers were sent down to make an investigation. The investigation was made as a matter of precaution and the naval officers then learned that an obstruction had been placed on the ways that would have destroyed the work of months. Another investigation will be made to narrow morning before the ship is launched."

OFFICERS REELECTED.

Buffalo, Sept. 27.—The entire roster of grand officers of the Brotherhood of Locomotive Firemen was re-elected at to day's session of the convention. Some opposition to the re-election of Grand Master Hannahan developed to day and Frank McManany, of Grand Rapids, was nominated against him. Hannahan, however, carried the convention by a large majority. The question of location of the permanent headquarters was left in the hands of the grand officers and the friends of Peoria seem likely to be successful in inducing the fromen to leave their headquarters in that city.

Washington, Sept. 27.—The state department to day called on the department of justice to take action in the case of Hugh Gurney, third secretary of the British embassy, who was fined yesterday by Justice Phelps, of Los Angeles, for contempt of court and speeding an automobile. It is expected the attorney general will send a special representative to Los Angeles to investigate the matter.

Adey calls attention to the United States statutes which provides that any process served on the public minister of a foreign country is void and any officer prosecuting such process shall be deemed a violator of the law of the nation and subject to imprisonment and fine. In the absence of the governor Lieutenant Governor Gould immediately wired Justice Phelps for his statement of the case.

THE LATEST "SHYLOCK."

In the coming engagement of "The Merchant of Venice," the theatre patrons of this city will see in the person of Mr. DeGrasse one of the most interesting and most promising of our younger stars. His interpretation of the avaricious and vengeful "Shylock" will stamp him as one entirely worthy of their every consideration. By his forceful and conscientious delineation of this role, by his deep artistic conception of this character of characters, Mr. DeGrasse has won for himself a name that will carry him into lasting fame. Most prominent in his excellent supporting company is Miss Ida May Park, who will be remembered for her splendid portrayal of "Marguerite" in Lewis Morrison's "Faust."

AN AGED VISITOR.

John Cook Barr, of Fairfield, Iowa, is in the city renewing old acquaintances. He is a brother of A. Y. Barr, Mrs. Morris Fitch's father, and of Mrs. William Ratakin. He was a soldier in the Mexican war and in the command of General Hardin, but finds few of his comrades left. He himself is 85 years old and Mr. Grogan on North Prairie street, Jack McGinnison and Colonel Wyatt are the only ones he has recalled so far that are living, though there may be more. He moved away from this place forty years ago and has not been here for eighteen years, so sees many changes. R. R. Chambers well remembers when the command left for Mexico, as his father was connected with it in some capacity, and he and Mr. Barr have many things in common to discuss.

FOR OVER SIXTY YEARS.

Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

LIGHTNING KILLS STOCK.

Lightning did considerable damage Tuesday morning, and several farmers report the loss of stock. Charles Smith, living south of Lynnville, lost a cow; Henry Buck, of Scottville, lost a cow, and Z. Fox, of Chapin, lost two horses. The latter were found near a wire fence, and it is thought that this fact may have been responsible for their death.

CARD OF THANKS.

We desire to express our most sincere thanks to our friends and neighbors, who assisted in the late death and sickness of our son, Raymond English. Rev. and Mrs. Nathan English and Family.

THE STATE FAIR.

The state fair will open in Springfield to morrow, Sept. 29, and continue through Friday, Oct. 7. Saturday will be school children's day; Wednesday, Oct. 5, old soldier's day; Monday, Oct. 3, Pania, Taylorville and Jacksonville day.

WHY THE CHANGE?
The Courier says that many Democratic statesmen continue to urge Judge Parker to take the stump, but he seems to realize that the American people do not like to see a man who is running for president traveling around begging for votes like a man who wants to be constable.

Most of us remember pretty well when the Courier strongly supported just such a man and thinks quite well of him yet. How changeable is our neighbor!

A GOOD SOURCE.
The Courier says that Speaker Cannon has gone to Nebraska to make speeches. He wants to tell the people out there what a mean man it was who was nominated for president in place of Bryan.

If Uncle Joe wants material, the files of the Courier will come very convenient. For instance, the evening sheet remarked not many moons ago that some people were urging that Judge Parker would make a good president, and so would Wyatt's Indian, and for the same reason.

Again it said that the nomination of Judge Parker by the Democracy would be a betrayal of the party into the hands of the elements it has so long opposed. Mr. Cannon will hardly say anything worse than this.

PRAY, WHO IS ROBBED?
The country by this time has had a pretty thorough exposition of the aims and objects of the Democratic party so far as that party has been able to agree upon definite policies. It is not to be overlooked that there is a wide margin of difference between the positive declarations of the Republicans and the half hearted hints and veiled insinuations of the Democrats.

But the statements of the Democratic national platform, the post-convention telegram of Judge Parker, his speech of acceptance and the platform and speeches of various state conventions, notably the New York Democratic convention, have given the people some insight into the drift of the Democratic party.

It is very clear that the party has not taken warning by the results of recent elections nor learned any lesson from experience. The Democrats are going right ahead upon the rocks of free trade, for free trade is the last analysis of their tariff policy, veil it as they may. Well, they drifted the country onto those same rocks in the Fifty-third congress and we all remember the disaster. The next Republican congress pulled us off the rocks, patched us up and we have been making a prosperous passage ever since.

The Democratic orators are now indulging in a great deal of generalizing about the tariff. They can only deal with the subject in a general way, for their party is divided, and they only attack the Republican position on the broad and totally unfounded proposition that the tariff is a robbery.

The people have learned by this time that the tariff is not a robbery. They know by experience that the industries of this country must shut down unless they are protected from the cheap labor trade of Europe. They saw that demonstrated before their own eyes, in every town in the land in 1893 to 1895. They know that when the industries are running men have work, have wages to spend, patronize the merchants, afford a market for the products of the farmers, furnish something for the railroads to haul, which in turn provides more employment, and that everybody feels the blessing.

Who is robbed by that? If there is any robbery it must be the foreign

manufacturer who is robbed, for it is no one on this side the water.

QUESTIONS FOR THE INDEPENDENTS.

There is to be an election for congressman in your district this fall. You will soon have to make up your mind, if it is not already made up, whether you will vote for a Republican or Democrat?

Do you believe in the existing standard of value and in the sound money principle? Then, you ought to vote the ticket of the party which declares for that principle in plain terms and not the party which dodges and juggles with it.

Do you believe in maintaining the protective tariff, so that the industries of the country can be kept running? Then you ought to compare the definite position of the Republicans in favor of protection with the free trade intimations of the Democrats.

Do you believe in backing up the American plan of dealing with the Philippine problem, inaugurated by McKinley and endorsed by the people in successive elections? Then, you should reject the gentle policy of the Democrats.

Do you want a harmonious effective congress that can do things, or a divided congress that can only bicker and adjourn? Then, you ought to vote for the Republican candidate for the house.

OUR COUNTY TICKET.

The Republicans of Morgan county have named a ticket which cannot help claiming the support of all persons who have the good of the community at heart. All are gentlemen who stand well, have excellent records for ability and are persons who would well serve the people if elected.

For state's attorney, Bert A. Van Winkle will make an excellent official. The party wisely believes in giving the young men a chance, and to that end has made a careful survey of the field and has selected a gentleman who will well fill the bill. He is a well read lawyer, a perfect gentleman, polite to all and will make an exceptionally good man for the position to which he aspires.

For circuit clerk, the party has gone on the principle that one good term deserves another. It is admitted on all sides that the office was never better managed than by Charles L. Hayden, an old soldier with a grand record; an official without a flaw, and one who has conducted the office in such a manner as to win the good will of all who have had business there. Everything is done right up to time and there is no criticism against Mr. Hayden.

For coroner, Dr. J. H. Spencer, of Murrayville, has been selected. He is a gentleman well fitted for the office and while it is not indispensable, it is well that the position should be filled by a physician, and when a gentleman so well qualified as Dr. Spencer is found he should have the support of all who view the matter in its proper light. Dr. Spencer is the right man for the place and the people should place him there.

For county superintendent of schools, J. H. DeLong is a well chosen candidate. He is a thorough educator, a man well versed in the educational affairs of the county, polite and affable to all he meets; a successful school teacher, and withal a man who would honor the office and attend to its affairs in a manner leaving nothing to be desired.

It is needless to say that the office of county commissioner is one of no small importance and should be filled by men who have the right qualifications for the position. Such a man is George Detrick, of Concord precinct. He is a man who has made a fine success of his own business and can be trusted to do the same for the people. He is prudent, kind to all, capable in business, well acquainted with all parts of the county and the man for the place of commissioner.

For surveyor, Mansell Dudley is well qualified by education and experience, as he has studied surveying under competent instructors and has had practice in the field, which will enable him to perform the arduous duties of the office in a proper manner. He is a young man who has tried to make something of himself by hard work, and as such deserves encouragement, and his election would be for the good of the county.

As a whole, the ticket is one deserving hearty support and the Journal hopes it will get it for always when the Republican party has been in the ascendancy in the county it has been better for the people.

GAS EXPLOSION

J. B. Seng Meets With Serious Accident Tuesday Morning—Due to Escaping Gas—Lighted Match Caused Trouble.

J. B. Seng was severely burned about the face and neck early Tuesday morning by an explosion of gas.

Mr. Seng is the collector for the Illinois Telephone company and had opened the office of the secretary, Mr. Gates, under the Farrell bank, when he noticed a strong smell of gas. He opened the windows and began an investigation. In the meantime the bookkeeper, C. R. Turley, came in and opened the safety deposit vault, which is in the northwest corner of the room. The inclosure was filled with an odor of gas and it was evident that the gas jet in the safe had not been turned off the night before.

Mr. Turley entered the vault while Mr. Seng stood at the door. Turley lighted a match and in a moment there was an explosion that resounded throughout the whole building. Mr. Turley, with presence of mind, fell on his face, and Seng, with like presence of mind, turned to seek a place of safety, but the flames seemed to rush toward the door of the vault and before he had time to turn around his face was badly burned. The blaze did not continue, but went out after one big flash. Had it not been that the room had been well aired before the match was lighted, the result might have been very disastrous to the occupants of the building and the building itself.

Mr. Seng had his injuries dressed at the Hatch drug store and he may consider his escape from more serious injury fortunate. Mr. Turley also was slightly burned about the face. The explosion occurred about 7 o'clock Tuesday morning.

The best and largest assortment of ready to wear and tailor made hats direct from the largest New York Houses can be had at Harman's. The styles are superior to those of other markets.

MENS' SOCIAL LEAGUE

Banquet in Parlors of Christian Church Tuesday Evening—Elegant Menu—New Table Service.

The first meeting of the Men's Social league, since the summer recess, was held in the Christian church parlors Tuesday evening. The attendance was all that could be accommodated and showed that interest, instead of dying out during the summer, had been on the increase and that the first meeting had been eagerly anticipated. The first thing was the banquet. The wives and friends of the committee, assisted by the young ladies of the Junior Endeavor society, made an especial effort to prepare something a bit out of the ordinary, and the success of their attempt can be judged from the following menu:

Radishes. Olives. Celery. Infant Pickles. Ribs of Cow Beef, in prime. Potatoes O'Brien. Sandy Sweets. Skinned Seedless Cranberries. Chilled Lacerated Cabbage. Individual Malt Loaves. Pure Food Jellies (Govt. Inspected.) Smashed Peach Cream. Served on Merengue Half Shell. Various Flavored Cakes. (Made by our wives.) A la Venanzio Cut Cheese Squares. M. S. L. Coffee. Served Hot or Cold.

After the viands so bountifully provided had received ample attention from the banqueters, President O. L. Hill called the company to order and after a few explanatory remarks, called upon Rev. R. F. Thripp, who spoke of the progress of the different enterprises of the church, and especially of the Men's league. He called attention to the tableware, which was used last evening for the first time, having been recently purchased jointly by the Aid societies and the league. The service is an elegant one, adequate for the setting of 100 plates. All china pieces are marked with "Christian Church," and the silverware is all stamped with the same mark. The ware is Rogers Bros. triple plate, and is warranted for twenty years.

C. L. Mathis gave the report for the committee appointed to devise ways and means of raising the pledge of \$1000 made by the league toward the furnishing of the new church.

Mr. Hill then called upon C. L. DePew, who spoke of the league work and the widespread influence it is having.

The meeting then adjourned to the auditorium, where a musical program of great excellence was heard with enjoyment. Owing to the illness of Frank Mallory, he and his brother were unable to be present, and their accomplished wives kindly consented to give an informal program, which was as follows:

Vocal duet: "Amona"—Gracie Halliday and Mazie Brooks.

Solo: "I have a Feeling for You"—Gracie Halliday.

Harp solo: "Ave Maria"—Mazie Brooks.

Vocal solo, (with harp accompaniment) "Maybe"—Mazie Brooks.

"The Preacher and the Bear," "He May Get Over It," and "Mose Jenkins"—Gracie Halliday.

Each number was loudly encored. A short business meeting was held, merely the regular routine business being transacted.

The chairman of the refreshment committee was Charles Mathis, and of the entertainment committee, Herbert Henderson.

IN MEMORIAM.

Nattie Arthurs, daughter of Caleb and Mary A. Gunn, was born near Murrayville Dec. 28, 1883, and died at her home in Murrayville after a lingering illness of over seven months Sept. 19, 1904, aged 20 years, 8 months and 21 days. She was married to Samuel B. Jones March 16, 1903.

The fruits of this union, one child, little Frank, was given them, who, with her husband, mother, one sister, Mrs. B. F. McCellan of Springfield, Colo., three brothers, Wiley and Harry of the same place and Claude of this place, besides a large circle of relatives and friends, are left to mourn her loss. Her illness lasted over a year and during the past seven months she was confined to her bed. All possible that loving hands could do was shown her by her mother, who came from Colorado to minister to her, and relatives and friends did all they could to lessen her sufferings. Her patience during her long illness was spoken of by many and her sick room was indeed a

model one, the memory of which will be remembered by many.

About seven years ago, in a meeting held at Chaplin by Rev. J. A. Johnson, of the M. P. church, she was converted and gave her heart to God. Later in a meeting held by Rev. A. B. Cudwell, of the M. E. church in Murrayville, she was led to consecrate herself to the Christian life, which she continued until her death. In her long illness she suffered as a Christian and was sustained and comforted by her faith in God.

Thus passed to her heavenly home in her young womanhood this daughter, wife and mother, sincerely mourned by this entire community.

"None knew her but to love her, And named her but to praise."

The funeral took place from the Methodist church Thursday at 10 o'clock, conducted by Rev. H. C. Turner, the pastor. The floral offerings were very fine and were in charge of Misses Lulu Coultas, Maude Wright, Fannie Lemon, Mada Strang, Lida Carson and Bessie Bonuff.

The bearers were Grover Bailey, Harry Strang, Noel Cowherd, Bert Carter, Warren Blumling and Guy Coultas. The remains were interred in the family lot in the Grange cemetery south of Murrayville, where a large number of friends attended to add their sympathy and consolation to the bereaved ones. We know that in the bright morning of the world's resurrection her soul will bloom in eternal spring.

A Tonic for Old People

Adds Years to Life; Puts Life into Years—Dr. Chase's Blood and Nerve Food, the Great Blood and Flesh Maker, Brain and Nerve Tonic

Keeps you from growing old by keeping up your vital forces. When the human machinery begins to wear out, people grow old and go into decline and decay; the blood becomes thin and watery, the circulation poor, and the nerve forces shattered and weak, showing that certain essential elements of life are being exhausted from the blood and nerves. The exhaustion usually begins with cold and numb hands and feet. The stomach, bowels and bladder lose their power, often becoming partially, if not wholly, paralyzed. You grow weak and feeble and your vital forces so low that you begin to see that your health is being undermined. Dr. Chase's Blood and Nerve Food increases the action of the heart and the circulation of the blood, and builds up the system by replacing the same substances to the blood and nerves that have been worn out. Price 50 cents. Weigh yourself before taking it. Book free.

(By Associated Press.)

Chicago, Sept. 27.—Wheat—Large trade witnessed a greater part of the session and the feeling manifested while rather unsettled was stronger on the whole and the close showed gain of 1 1/2¢. The start was easy with continuation of liquidation so pronounced yesterday, but at the decline professional as well as elevator interests purchased freely and the sentiment changed from the bear to the bull side of the market. News from the northwest was more encouraging to holders, receipts there being 300 cars less than a year ago and the cash situation was reported improved. Liverpool fell lower to 3d higher.

Corn—Fair trade and only moderately active market, the last trade showing 1/2¢ gain. Offerings were rather liberal at the start, commission houses selling, part of which was for the country. Support, however, was better than yesterday, several of the more important shorts covering, and floor traders loaned more to the long side. Cables were fairly steady and more rain, indicated for the corn belt. Liverpool was 1/2d lower to 3/4d higher.

Oats—Were heavy most of the day, and averaged lower. Prices receded 1/2¢.

LIVESTOCK.

Cattle—The market was active for good to prime grades, which sold at firm prices but this cattle were very hard to sell even at weak prices. Those that sell below live are discriminated against. There was a very fair cow and heifer trade. Stockers and feeders are fairly active. Receipts, 12,000. Good to prime, \$5.75; 6.00; poor to medium, \$3.75 to 4.00; stockers, \$2.50 to 3.00; cows, \$1.50 to 2.00; Texans, \$1.00 to 1.50.

Hogs—Receipts, 10,000. As usual on Tuesday there was light eastern shipping demand, and while the best hogs were sold at firm prices, there was a weaker market for ordinary fair and packing hogs. An advance of 2¢ over yesterday's top figures was made early for some butcher hogs. Mixed butchers, \$5.65 to 6.00; good to choice heavy, \$6.00 to 6.30; rough, \$5.00 to 5.50; light, \$5.00 to 5.50; bulk of sales, \$5.50 to 6.00.

Sheep—Receipts, 25,000. Prices steady, with good general demand. Sheep, \$3.00 to 4.50; lambs, \$5.00 to 5.50.

ST. LOUIS MARKET.

St. Louis, Sept. 27.—Wheat—Dec. \$1.17 1/2. Corn—Cah. 47. Cattle—Cash, 30 1/2.

CATTLE—RECEIPTS, 8,000. MARKET STEADY.

Beef steers, \$4.00 to 6.00; stockers and feeders, \$2.50 to 3.00; cows and heifers, \$2.50 to 3.75; Texas steers, \$2.50 to 3.50. Hogs—Receipts, 9,000. Market steady. Range, \$5.50 to 6.00.

LIVERPOOL MARKET.

Liverpool, Sept. 27.—Corn. Spot quiet; American mixed, 4s 6 1/2d.

NEW YORK MARKET.

New York, Sept. 27.—Wheat—Receipts, 72,000 bu. Spot firm; No. 2 red \$1.16 1/2 c. afloat; options closed 3/4¢ net higher; Sept. \$1.16 1/2; Dec. \$1.15 1/2. Corn—Receipts, 52,000 bu. Exports, 106,000 bu. Spot barely steady; No. 2, 5 1/2 c. afloat; Sept. 57 1/2 c. No. 2 white, 57 1/2 c. Oats—Receipts, 156,000 bu. Exports, 6,000 bu.

Be A Real Woman.

No. 808 Peace Avenue, Houston, Texas, May 14, 1908.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other ills and pains, was a poor excuse for a wife as I was not able to be up more than about half the time and daily grew weaker and weaker.

Wine of Cardui changed me into a different woman in five short months, made me robust and strong. I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this I owe to your medicine.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period.

Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles Wine of Cardui.

Dr. and Mrs. H. H. Oneal gave an informal reception Tuesday night for Mrs. Burwell Spurlock, one of the superintendents of the orphanage at York, Neb., who is their guest. Light refreshments were served by Mrs. Oneal and a very pleasant evening was spent in social intercourse and discussion of missionary topics. CURED HEMORRHAGE OF THE LUNGS.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. CURE FOR SICK HEADACHE.

We had a letter the other day from a lady in the town of Boulder, Colo., that should be of interest to people who are troubled with spells of sick headache. She writes that she had these spells about four times a week, was obliged to go to bed and remain there from eight to ten hours each time. Had been troubled this way for several years, and the attacks became more frequent. Doctors did her no good; she tried dieting, as everybody said it was from her stomach. Seeing an advertisement of Dr. Gunn's Improved Liver Pills, which said, they cure sick headache by removing the cause, she decided to try one more, and sent 50c for two boxes. She said she had taken the last pill more than four months ago and has not had a sick spell of any kind for over five months. Druggists sell these pills at 25c per box. It only takes one for a dose, they cure sick headache every time. Lee P. Allcott.

TWO TICKETS WERE NAMED

Delegates to Republican Senatorial Convention Held in Springfield Tuesday Unable to Agree—Both Factions Select Candidates

The Republican senatorial convention of the Forty-fifth senatorial district, comprising the counties of Morgan and Sangamon, met in Springfield at the state arsenal building, Tuesday at noon. The senatorial committee, which met at 11 o'clock in the morning, got into a controversy over the selection of temporary officers and the difference was continued when the hour of convening the convention arrived. As a result an attempt was made to hold two conventions at the same time and place, and the result was the nomination of two legislative tickets.

The story in detail is as follows: In pursuance to a resolution adopted at the last meeting of the senatorial committee, which met in this city, an adjourned meeting was to be held at 11 o'clock Tuesday morning, Sept. 27, at the arsenal building in Springfield, to pass on the Sangamon county contest.

The committee met at the above hour with the following members present: H. W. Butler, chairman; R. M. Sullivan, proxy for O. G. Addleman; E. S. Robinson, proxy for H. G. Garvey; Theodore Ewert, proxy for John R. Robertson; J. H. Danskin, John Juneman, Fred Overstreet and S. B. Stewart, secretary.

The roll was called and the minutes of the last meeting read and approved.

Juneman then made a motion that Dr. L. O. Tiffany be the chairman, S. B. Stewart, secretary, and Frank Whipp, the assistant secretary of the temporary organization of the convention. Robinson objected to the motion on the ground that as the chairman of the committee was the rightful temporary officer of the convention it was not a proper motion, and the chair sustained the objection and an appeal was taken from his decision.

Sullivan then moved that the committee adjourn, and Chairman Butler put the motion and declared it carried. Chairman Butler and Members Sullivan and Robinson then left the room.

The remainder of the committee remained and elected J. H. Danskin chairman and proceeded to select the temporary officers of the convention according to the motion made by Juneman. The motion was carried. The Morgan county delegates were then declared to be entitled to seats in the convention, as being the rightful delegates from Morgan county. The Sangamon contest was then taken up and Attorney Salzenstein appeared for the contestants (the Yates delegates) and presented their side of the case. In the absence of counsel appearing for the other side (Hamlin delegates) the committee declared by unanimous vote the delegates elected at the primaries held May 3 (Yates primaries) to be the rightfully elected delegates from Sangamon county.

The following report was then adopted by the committee, after which adjournment was taken.

To the Republican convention of the Forty-fifth Senatorial district of the state of Illinois, held on the 27th day of September, A. D., 1904, at Springfield, Ill.:

The Senatorial committee of the Forty-fifth Senatorial district of Illinois has instructed the chairman of said committee to recommend to this convention as its temporary presiding officers the following gentlemen:

For temporary chairman, Dr. L. C. Tiffany; for temporary secretary, S. B. Stewart; for temporary assistant secretary, Frank Whipp.

The committee begs leave to further report that the following named persons as delegates representing Morgan county in said district or their duly appointed proxies respectively are entitled to seats in the convention, viz: S. B. Stewart, Andrew Russell, M. T. Layman, George W. Scott, E. F. Johnston, Hawes Yates, Sam Bolden, J. H. Danskin, Chas. Coons, George W. Moore, J. D. McLain.

The committee begs leave to report that in Sangamon county in said district a contest appeared before the committee in respect to the right to seats in the convention for the purpose of the temporary organization thereof, and two sets of delegates consisting of twenty-four contestants and twenty-four contestants presented their claims before the committee for seats in the convention.

Under and by virtue of a resolution heretofore adopted by the committee, and in accordance with custom of national and state Republican committees, this committee is charged with the duty of making up the temporary roll of delegates for the convention and in pursuance of said duty, the committee heard the contest in respect to the claims of the two contesting delegations from Sangamon county, and, after the full and complete hearing of said contest, the examination of all the documentary and other evidence produced, and the arguments of counsel representing the respective contesting delegations, the committee after full and careful consideration finds that the following named persons or their properly constituted proxies respectively are entitled to seats in said convention and to participate in the temporary organization thereof, viz:

P. O. McGree, C. J. Wirth, W. M. Dugan, Joseph Midden, W. H. Sammons, F. P. Pillo, Robert Byron, Jr., Thomas Kinneith, William Joy, W. T. Fossett, Frank Whipp, W. D. Edwards, Benjamin Edwards.

Your committee further reports that the following named regular delegates entitled

to seats in the convention are absent, to-wit: C. H. Wineman, H. Sallie, Charles Reed, Charles Price, Roy Reese, James Phillips, James Harris, Robert Solomon, G. J. Blininger, W. E. Savage and W. P. Taylor, and that in accordance with authority duly vested in the majority of the delegates from Sangamon county the following named persons have been duly elected by said delegates to fill the vacancies in said delegation, to-wit: Wm. Walker, Theo. Ewert, Al. Grubb, Henry Whittles, Wm. Burton, L. C. Tiffany, Thomas J. York, Sam Patchell, F. W. Overstreet, George Edmonds and James Lindsay. Respectfully submitted,

J. H. Danskin, chairman; John Juneman, F. W. Overstreet, A. Russell, S. B. Stewart, secretary.

Members of the Republican Senatorial committee of the Forty-fifth district of Illinois.

Springfield, Ill., Sept. 27, 1904.

THIS CONVENTIONS.

At 12 o'clock Chairman Butler, E. S. Robinson and R. M. Sullivan and the delegates elected at the Hamlin primaries, appeared in the office of Colonel Ewert, in the arsenal building, where the convention was called to meet, and Chairman Butler took the chair and called the convention to order. Chairman Butler read the call and placed Fred Mortimer in nomination for temporary chairman, who took the chair. An attempt was then made to get recognition upon the resolution above, and upon failure Dr. Tiffany proceeded to call the convention to order and preside as chairman.

Nominations were then made by both sides. For the faction headed by Dr. Tiffany, a committee on credentials was named and also a committee on permanent organization. The last named committee introduced the resolution passed by the senatorial committee after the three members had withdrawn, and the temporary officers there named were declared to be the officers of the convention. The temporary organization was made permanent and John Juneman placed in nomination for representative of the name of Hon. A. G. Murray. Colonel Ewert then nominated Fred Overstreet; Andrew Russell named J. D. McLean, who at once withdrew; E. F. Johnston nominated John R. Davis, but later withdrew his name. The secretary was instructed to cast the ballot for Murray and Overstreet, and they were declared to be the nominees of the convention.

A motion was then made that all vacancies on the ticket or committee should be filled by the senatorial committee. The roll was then called, showing who were present, and after the selection of the following senatorial committee the delegates adjourned.

The senatorial committee named is as follows: J. A. Wheeler, chairman; John Juneman, L. C. Tiffany, Fred Overstreet, James H. Wallace, M. T. Layman, S. B. Stewart, secretary; J. H. Danskin and E. F. Johnston.

The Springfield News gives the story of the convention held by the delegates presided over by W. H. Butler, in substance, as follows:

"Chairman Butler read the call and introduced Fred Mortimer as temporary chairman. E. S. Robinson named Charles Sullivan as temporary secretary, and both were elected by acclamation.

"The chair then appointed committees on credentials, organization and resolutions. On motion of R. M. Sullivan, the temporary organization was made permanent. The chairman then appointed a senatorial committee composed as follows: H. W. Butler, Logan Hay, O. G. Addleman, E. H. Baneroff, E. S. Robinson, John Reeve, Charles S. Rannels and R. M. Sullivan.

"The convention then proceeded to nominate candidates for the legislature, and the following were named unanimously: Charles Fetzner, of Sangamon county, and Frank J. Heintz, of Morgan county. The convention then adjourned."
